PETITION TO THE GOVERNMENT OF CANADA

Whereas:

- The federal government's most recent budget has hiked taxes on capital, vacant property, and digital services;
- Increasing taxes on farmers will increase the cost of food during the current food price crisis;
- Increasing taxes on doctors will leave more Canadians without access to a doctor;
- Increasing taxes on homebuilders will mean fewer new homes are built;
- Increasing taxes on small business will mean fewer jobs are created; and
- Increasing taxes on Canadians makes life even more unaffordable.

We the undersigned, citizens and residents of Canada, call on the Government of Canada to cancel plans to increase taxes on capital, property, and Canadians.
